

TARLTON

Capabilities Statement

5500 W. Park Ave., St. Louis, MO 63110 | www.tarltoncorp.com

TARLTON CORPORATION is a WBENC-Certified Women’s Business Enterprise employing 250 people and providing general contracting, preconstruction, and construction management services in the Midwest since 1946. With revenues averaging \$200 million, Tarlton is capable of managing projects ranging from \$100,000 to \$100 million with exceptional client service. We work to provide meaningful opportunities for MBE, WBE and DBE businesses to participate in the projects we complete for our customers. We believe diversity in the workplace and marketplace are key components to the success of our community.

Tarlton safely and successfully constructs complex buildings for specific purposes; upgrades existing spaces including offices, laboratories, manufacturing/industrial floors and power plants; and provides ongoing facility maintenance through annual and long-term contracts.
